

ErgoMedia 700

Slim ergonomic designed for relaxation

Premium for its Design; Deluxe for its Features

ErgoMedia 700 from Genius is the latest multimedia keyboard that specializes in a slim and ergonomic design.

Compared with other keyboards, *ErgoMedia 700* is absolute luxury, featuring 36 hot-keys and a premium comfort ergonomic design. Two new innovative functions -- Mic in and Speaker out, make playing games or having a visual conference more convenient and user-friendly. You can

experience the ultimate fun of website navigation or documents with the 4-way magic roller and the zoom-in and zoom out functions. For entertainment, *ErgoMedia 700* allows instant access to Internet radio broadcasting channels or you can change your MSN status just one-key touch. Other thoughtful functions like Office, Internet and Media-center hot keys allow easy activation to Word, mail features and volume adjustment on audio/video sources.

ErgoMedia 700 is beyond your inspiration of keyboards. It can satisfy your needs and let your hands experience the ultra-comfortable position while typing. Don't miss this distinguished model in the keyboard world, as everything is right at your fingertips. Please contact your sales representative for more information.
